

OneMile Store – App Comments (16.06.2025)

1. On Click on the App OneMileStore , prompt the login screen like below .

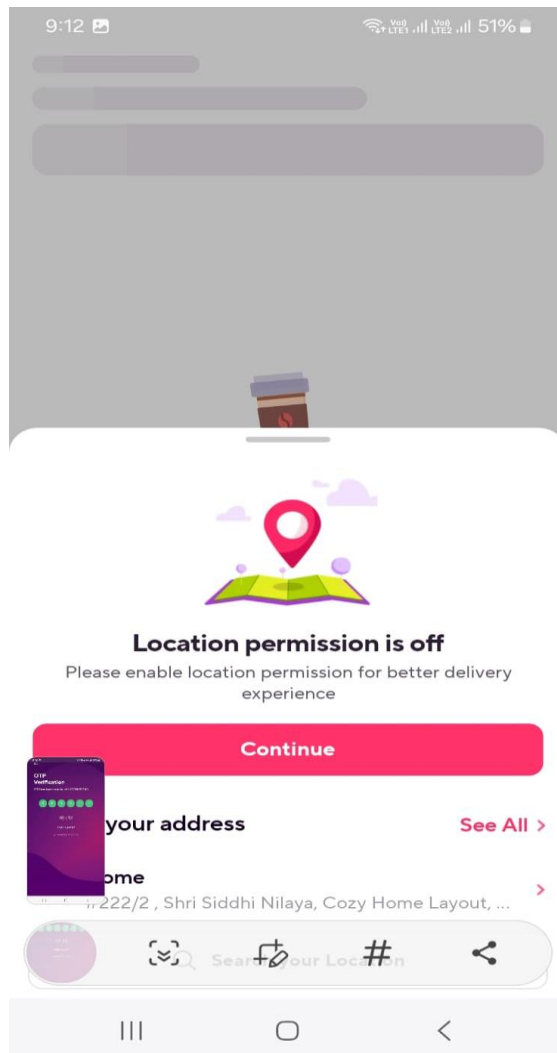

2. 2nd screen from there would be OTP validation on phone number

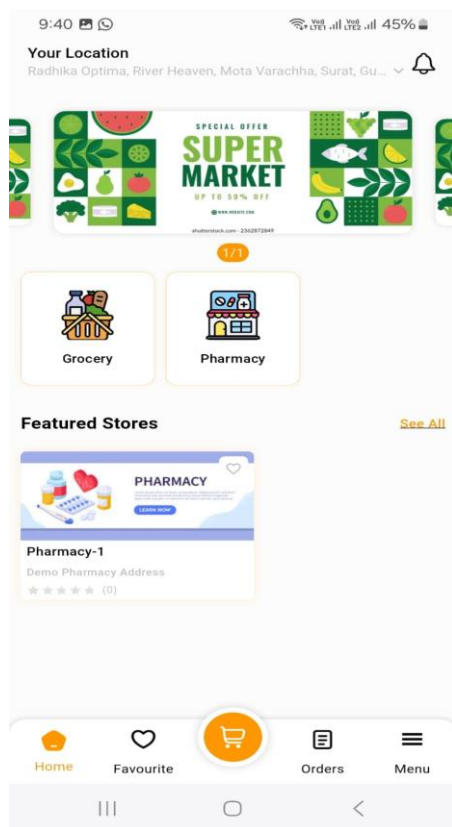

3. Location Permission – followed by picking the location – add your location (we should ask them to select the community name from drop down and enter remaining address)

Here if the 'OneMileStore' doesn't exist in the community – “We are yet to arrive at your community”.

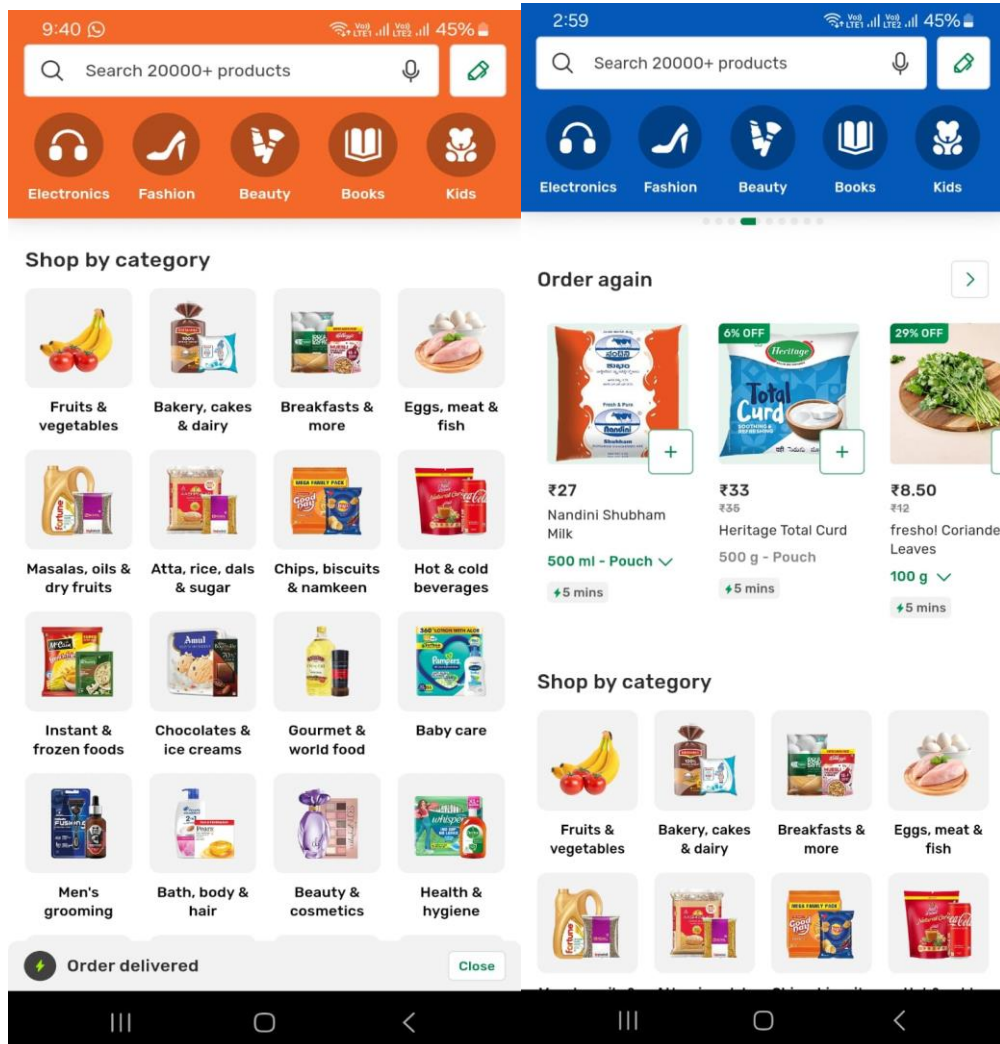

If the Grocery store and Pharmacy exists then show the both else if grocery store doesn't exist lets grey out that window and flash message “we are yet to arrive at your community , meanwhile please check out the pharmacy delivery “

4. Groceries & Pharmacy should come as larger windows – rectangular

5. For 1st time user – when he clicks on groceries it should display “Shop By Category” and after one order has been placed – Order Again window and Shop by category

6. Add Item to cart – its slow taking time to add and the design should be like below (price , product name , qty)

7. Clicking on the product should take us to screen like below and It should also display similar products below.

8. In Cart – use minus and plus sign instead of delete icon and suggestions for the cart .

9. Like above screen we will also have “Get it now” and “**Pick Up at the Store**” (Not its not scheduled delivery for now).

On click of proceed to pay – take to the payment page and place order .
On click of “pick up at the store” select a date and time option should be provided along with the store info like below.

The screenshot shows a mobile app interface for 'Delivery Options'. At the top, the status bar shows the time 3:33 and battery level 40%. Below the status bar is a header with a back arrow and the title 'Delivery Options'. The main content area shows the delivery address: 'Deliver to: Windsor Home' with a location pin icon and a 'Change' button. Below this, the address is listed as '408, 562125, Bangalore, Pin - 562125'. A section titled 'Default Delivery Option' shows '1 Shipment' with 'Delivery Charges: ₹25'. Below this, 'Shipment 1: Express Delivery' is listed with a 'View 1 item' button. A dropdown menu shows 'Today 5:00 PM - 6:00 PM' with a clock icon and a downward arrow. Below the dropdown, the 'Delivery Charge: ₹25' is displayed. A large red button labeled 'PROCEED' is at the bottom of the main content area. The bottom of the screen shows a standard Android navigation bar with three icons: a square, a circle, and a triangle.
